Update security and barrier systems

The school barrier system at the main gates has been completed the final working procedures next week. The existing systems will remain the same next week. Once again, thank you to all parents and carers who have really supported entry and exit to, and from the school this week it has enabled to pupils to have a very successful start to the term and is very much appreciated by all school staff.

Office Enquiries Teaching appointment and online line systems

Can we please remind all parents & carers that teaching time for staff starts at 8.40am. To avoid disruption in classes, please ensure that important messages are ideally passed on to the pupils in the morning or relevant staff at the door. If you need to speak to a teacher, please attempt to see them first thing in the morning before school starts or at the end of day if previously arranged through the office. Can we also remind all parents/carers that all payments for dinner, tuck, school trips, swimming etc. can only be accepted through the online payment system, not cash. We are a cashless school and every child has been allocated a dedicated log in number for the cashless system. If you need any advice on how to use this, please contact the office.
